## Clarify & Revive Your Skin

# A Clear Solution for Breakouts

Due to a combination of genetics, stress, and hormones, nearly everyone is vulnerable to acne at some point in their lives. Additionally, research has shown that smog, dust, dirt, and environmental debris can disrupt the skin's barrier, leading to blemishes and accelerating the signs of aging including fine lines, wrinkles, and discoloration.

**ClearActiv™** offers a complete solution to help skin defy the negative acne cycle. With daily use, the ClearActiv System works to clear blemishes fast and effectively.

## How does the ClearActiv System Work?

Scientifically formulated with Qu-Some® technology, the ClearActiv™ System helps to gently cleanse, clarify and hydrate while boosting skin's natural defenses against breakouts. Plant-based salicylic acid and scientifically studied skincare actives function to:

- Clear acne blemishes and help prevent new ones from forming
- Help reduce the appearance of blotchiness and redness associated with breakouts
- Deep clean skin, clear pores, and calm irritation
- Visibly lighten and minimize dark spots caused by blemishes
- Promote clarity and a more youthful appearance

## What is Qu-Some® Technology?

A patented technology that delivers active ingredients into the skin in their most pristine and unaltered state to optimize their benefits

## WHAT TO EXPECT FROM YOUR REGIMEN?

**After four to six weeks:** Acne blemishes are cleared. Skin is calmer and redness is reduced.

**With continuous use:** A clearly radiant, vibrantly youthful complexion is revealed over time, as blemishes are banished, dark spots are lightened, and overall texture is improved.

*Please note: Because everyone's skin is unique, some users may see results sooner or later than others. Your patience and consistence will ensure optimal results.*

# The 4-Step ClearActiv Regimen

STEP 1

USE:  
☀️🌙

## FACIAL CLEANSER

A mild, soap-free cleanser sweeps away makeup, dead skin cells, excess sebum, perspiration and environmental debris. Rinses off clean to reveal skin that is visibly cleaner, brighter, and more radiant. Plant-based actives including green tea, white tea, and chamomile complex help to calm and soothe the skin. Sulfate-free; contains no SLS or harsh detergents that irritate skin surface.

## ANTI-ACNE SERUM

QuSome® advanced technology delivers 2% plant-based salicylic acid derived from Wintergreen Leaf extract, to target pores and control acne blemishes as it blots excess oil and calms redness. Antioxidants help to soothe, hydrate, replenish, and protect the skin.

STEP 2

USE:  
☀️🌙

STEP 3

USE:  
☀️🌙

## PROTECTING MOISTURIZER

Lightweight moisturizer with QuSome® technology delivers plant actives, antioxidants, and a stable form of vitamin C to help minimize fine lines and wrinkles while protecting and brightening the skin. ProRenew Complex CLR introduces an innovative probiotic technology to promote skin renewal. Advanced Moisture Complex—proven to provide both immediate and sustained hydration—helps brighten, refine skin texture, and restore optimum moisture balance.

## SPOT CLEARING GEL

QuSome® technology delivers plant-based, 1.2% salicylic acid to targeted areas, gently removing pore-clogging impurities as it zaps blemishes on the spot.

Lightens the appearance of dark spots caused by past breakouts and dries invisibly.

Skin-loving vitamins and botanical extracts help correct uneven tone and texture, revealing a smoother, healthier-looking complexion.

STEP 4

USE:  
Use: 1 to 3 times daily, as needed.
